

Common Uses for ChatGPT

1. Blog Posts - Remember these are your thoughts, your experiences, your content. While the robot can create a generic blog post, it's not what you want. You want something that is unique to you, with your personal view.
2. Social Media Content
3. Directed Lead Magnets
4. Landing Pages - Persuasive and compelling landing pages
5. Email Nurture Series and targeted email series
6. Workshops and Courses
7. Sales Pages
8. Video Scripts
